ShaikSure Motor Claims - Claims Procedure

ShaikSure Motor Insurance is a fictional company. This document was created for a portfolio project and is not a real insurance policy.

Section 8 - How to Make a Claim

8.1 **Intimation.** The insured must inform ShaikSure within 48 hours of the incident. Theft must be reported within 24 hours.

8.2 **Theft claims.** An FIR must be filed with the police within 24 hours of discovering the theft. For total theft the insured must submit both original keys and, after investigation, the police non-traceable certificate.

8.3 **Malicious damage claims.** A police complaint (FIR or complaint receipt) is required for vandalism, riot or strike damage.

8.4 **Fire claims.** If the fire brigade attended the incident, the fire brigade report must be submitted.

8.5 **Documents for all claims.** Completed claim form, copy of the registration certificate (RC), driving licence of the driver at the time of the incident, policy copy, photos of the damage and the repair estimate from the garage.

8.6 **Photos.** At least two clear photos are required: one showing the damaged area and one showing the number plate of the vehicle.

8.7 **Survey.** Claims with an estimated loss above Rs 50,000 require inspection by a ShaikSure surveyor before repairs are approved. Claims at or below Rs 50,000 may be assessed from photos and the repair estimate.

8.8 **Late intimation.** Claims reported more than 7 days after the incident may be rejected unless the insured gives a valid reason for the delay.

8.9 **Settlement.** ShaikSure will approve or reject a claim within 7 working days of receiving the last required document. Cashless repair is available at network garages.

Section 10 - Claim Review and Fraud Checks

10.1 Every claim is checked against the policy status, cover type, limits and exclusions before a decision is made.

10.2 The following claims are referred to a human claims adjuster for review. A referral is not a rejection: (a) estimated loss above Rs 50,000; (b) claim made within 30 days of the policy start date; (c) three or more claims on the same policy in the last 12 months; (d) photos that do not match the description of the incident, or photos that do not show a car; (e) any case where the assessment confidence is low.

10.3 The final decision on every referred claim is taken by a human adjuster. Every decision and its reasons are recorded in the claim audit log.

10.4 Customers are informed of the decision and the reasons, including the policy section that applies.
